# ***Pourquoi “Trumpification?”***

- 1er Hyper-puissance démocratique d’extrême droite au-delà de “l’Orbanisation”
- Lien étroit entre migration et démocratie: politiques migratoires comme indicateur et véhicule du déclin démocratique d’un état de droit vers un état d’urgence et de violence
- L’impact sur l’ordre mondial et l’écart entre une opinion publique nuancée et les élites sous le charme du populisme (*aussi en Europe et vers Trump*)
- *Crise Régionale, Elections USA, Politiques présidentielles, Implications UE*
